A fire destroyed the home of Mrs. Edward Martin at 1 a.m. Wednesday about 1 a.m. Mrs. Martin, who was awakened by the barking of their dog, tried to remove the furniture but failed because of the heat and smoke. A telephone set and some clothing were the only articles saved. The home, located two doors from the Methodist Church, was destroyed by a fire which started in the front porch. The fire was believed to have started by defective wiring in the front walls or the attic. The house was destroyed by the fire, but heavy damage to the blaze from spread-

Jason Mauffray Killed In 12th Fatal of Year

Hancock County's 12th traffic death of the year occurred Saturday at about 10:30 a.m. when Jason Mauffray, 24-year-old Kiln resident, was killed instantly in a head-on collision on the Kiln Road, a little more than six miles north of U. S. 90, with a car occupied by Dr. and Mrs. William McDonald Boles, of New Orleans who were seriously injured.

Mauffray was employed by the REA and was well known in local sports circles as second baseman for the REA team in the city softball league.

Services were at 10 a.m. Monday at the Church of the Annunciation, Kiln, followed by burial at Rotten Bayou Cemetery under direction of the McDonald Funeral Home in Picayune. The Rev. Vernon Danner, officiated and performed last rites at the scene of the accident.

Palbearers were Eddie Lott, Harlan Bennett, Mike Lader, Dennis Lader, Sidney Bennett and C. J. Mauffray. He is survived by his father and mother, Ferdinand and Mrs. Verdie Mauffray of Kiln and was the only living child. A wake was at the home of Mrs. Evelyn Lott in Kiln.

Sheriff Sylvan Ladner, Deputy Gerald Favre and Constable Marvin Bobinger investigated the accident. Ladner said the Boles' car was traveling south and Mauffray, alone in his car, was going north and attempted to pass a gravel truck driven by James Nicol of Slidell, La., which was also headed north. Both cars were total losses, the sheriff said. Coroner Emile Piazza conducted an inquest at the scene and a verdict of accidental death was returned.

Dr. and Mrs. Boles were said to have been spending the weekend at their camp near Fenton, the Tally-Ho.

Both Dr. and Mrs. Boles are reported to be in satisfactory condition at Teuro Infirmary in New Orleans where they were taken after emergency treatment at Hancock County Hospital. Dr. Boles is in traction with fractures of the knee cap and ankle and other injuries. Mrs. Boles suffered a bad gash on the leg but is expected to be able to return to her home soon.

Property damage was extensive in a two car collision on U. S. 90 about three miles west of Bay St. Louis yesterday afternoon.

Cars driven by Charles Roseberry of Purvis and by Lester Basious of Gaudier collided when the Roseberry station wagon, pulling a boat and trailer, and attempting to make a left turn was struck in the rear by the Basious auto which was attempting to pass. Damage was estimated at \$1,000.

Major Replanting Of Timber Voted

A long range timber and reforestation program in cooperation with the state was authorized Monday morning when the Hancock County supervisors allocated \$3,000 for replanting of county's 16th Section lands.

Approximately 150 acres of the lands in the Hancock County school district will be replanted this year by the State Forestry Commission. All revenue obtained from the lands will be used for the county schools.

District Forester Jerry Prescott, who was accompanied by Area Forester Marion Parker and Education Superintendent R. E. Breland, said the forestry commission could replant the land for about \$11 an acre. A full survey of the approximately 3,000 acres not under agricultural lease has not yet been completed, he added.

Funds will be transferred from the principal fund to a special forestry fund to pay the management fee to the forestry commission. This includes planning, supervision and fire control.

Prescott assured the board members that additional private contractors can be obtained if the supervisors want to replant faster than the forestry commission is prepared to proceed.

Final decision on the site for the proposed \$24,000 county health center was withheld until the board can meet with Dr. J. T. Maddux and Sanitation Supervisor Wayne Alliston at its next meeting Tuesday.

Maddux had notified Clerk A. C. Mitchell that he would not be able to attend the Monday session of the supervisors because of previous commitments in Poplarville, but expressed approval of the possible site for the new center between the new Hancock County Hospital and the County Home.

The possibility of using the building now occupied by the Hancock County Hospital was broached by Beat 5 Supervisor R. G. Hubbard Jr., who said that several interested persons had called him and suggested this.

Extensive remodeling would be needed if the old hospital building were used, the supervisors agreed; and it might have to be torn down and reconstructed to meet state standards, Board Attorney Sam Favre Jr. commented.

Hubbard added that the supervisors were obligated, according to the agreement signed when the county purchased the hospital from the King's Daughters organization, to use the proceeds from the sale of the building for the new hospital with a suitable plaque designating the use, he said.

Dairy Judging Team 19th at Waterloo

Team members are Joe Harriel and Charles Smith, Sellers; George Hinton, Lestown, and Carl Moran Jr., Kiln.

"We didn't do as well as I anticipated," Smith said, "but we in Hancock County operate differently than others. They select the top judges in their entire club while we select a group in advance."

The Housing Authority of Bay St. Louis is calling for a new set of bids on insurance, reducing the term of the policies to one year, for its meeting at 7:30 p.m. Tuesday, Nov. 3, at its office on Ballentine Street.

The authority last week rejected as unsatisfactory bids received on a three-year basis.

SPORTSMAN'S PARADISE—Lamar Switzer, District Supervisor of the State Game and Fish Commission, outlines plans for a 30,000 acre game reservation and hunting grounds to Bert Steffel, president of the Hancock County Gun and Red Club.

Huge Game Reservation Is Proposed in County

Negotiations are nearing completion for a 30,000 acre game reservation in Hancock County, according to Lamar Switzer, district supervisor for the State Game and Fish Commission, who addressed the Hancock County Gun and Red Club at the Broadway Restaurant Tuesday night.

Part of the land will also be used for hunting, Switzer said. Plans are to plant wild rice which, it is hoped, will prove an attraction for ducks. "The land is low and could prove to be one of the best duck hunting grounds in the area," he said.

"Everything is ready, the deeds have been checked in the Courthouse and the matter will be placed before the next session of the state legislature. We need an appropriation to lease this land and we will need money to carry out our plans to make it a sportsman's paradise and that is where you men can help.

We Protect Your Rights

This week is National Newspaper Week. Since newspapers help publicize commemorative days, weeks or months of others, we hope our readers will not take it amiss when this paper and other papers brag a little on the modern newspaper.

Just as there are lawyers we call shysters, doctors who are guilty of malpractice, ministers who are criminals, reprehensible persons in all walks of life, including TV quiz producers, there are newspapermen, editors, and reporters who occasionally bring discredit to their occupation. The percentage, fortunately, is small, and our present liberties probably are due more to newspapers and newspapermen than to any other group.

A newspaper is the major protector of the public's right to know what is going on. Without that knowledge the public could not protect its freedoms.

Not always does the reporter or editor's task follow an easy or safe road. A few days ago an Illinois editor's car was blown up because of an editorial. On almost the same day another editor's house had its windows broken out by teenagers because of an editorial campaigning against teenage reckless driving.

In his short residence in Hancock County this editor has been twice attacked. The last time was twelve days ago and resulted in at least one lost tooth, a broken rib, five stitches, a black eye and multiple bruises, apparently because of an accurate and minor news item.

Newspaper personnel aren't heroes any more than the average person is, but wonder if the average person is aware that they will have their own personal freedoms only so long as they have a free press.

Knocking the "H" out of Khrushchev

A few weeks ago in an editorial, copying from a story in an area daily, we omitted the "h" after the "K" in Premier Nikita S. Khrushchev's name. Even though incorrect in our profession we're in good company. The admission tickets for the luncheon given the premier by the National Press Club in Washington had his name spelt Krushchev. Thanks for the assist.

Knowlton Heads New P-TA

R. C. Knowlton of Leetown was elected president of the newly formed Parent-Teacher Association at North Central School at its first regular meeting last Thursday night in the school cafeteria. Attendance numbered 175.

Knowlton headed the slate of officers submitted by the nominating committee which was unanimously approved on the motion of B. P. McCormick. Others chosen were Tommy Shaw of Sellers, first vice president; James Cuevas of Catahoula, second vice president; Clifton Ladner of Deaux, secretary, and Mrs. Mary K. Dunham of Kila, treasurer.

Welton Ladner, serving as temporary chairman, called the meeting to order and read the nominating committee's recommendations in the absence of its chairman, J. C. Mauffray. Before turning over the chair to Knowlton, he thanked the membership for the confidence placed in him, commended the choices of the

nominating committee and pledged his support to the P-TA. Knowlton, assuming the presidency, noted that an active, efficient organization could be operated only through the combined efforts of the members. He observed that the P-TA should operate for the betterment of the children and the community, with politics playing no part in a child's education. The P-TA will not attempt to dictate policies to the school administration or to the school board but will attempt to influence them to make the right decisions, he continued.

R. E. Webb, superintendent of the school, thanked those in attendance for their interest in the P-TA and the school.

Knowlton recommended that if an officer should miss three consecutive meetings, he be automatically removed from office. He requested that all persons willing to serve on committees

Holy Name Rally will be in New Orleans, Sunday at 12 noon. Henry Lang announces the group from Bay St. Louis will leave the parish hall at 10 a.m.

Founders Day Celebration was last Saturday with a capacity crowd attending. Members and guests were pleasantly surprised with a two act play by the Ladies Auxiliary. Our congratulations to Pere LeDuc Auxiliary for a splendid performance.

Fourth Degree Exemplification was in Jackson last Sunday. Six members of Pere LeDuc Council were elevated into this degree: Ed Brignac, The Rev. Kevin Reid, George E. Heitzmann, Lionel Seltzer, A. K. Martinovich, sr. and Joseph Kern. Attending from here were Dr. A. K. Martinovich faithful physician, and Albert Grass, faithful navigator of the Pere LeDuc General Assembly.

Bert Stieffel has just returned from a visit with his father, Ray Stieffel, who is a patient at the New England Deaconess Hospital in Boston, Mass. Latest reports indicate that Ray is much improved and will probably return home within a few days.

Birthday greetings to Jackie Morreale, Oct. 15; Randolph Bourgeois sr., Oct. 18, and Lucas Pucheu Jr., Oct. 28. Happy Anniversary to Mr. and Mrs. Wallace J. Bontemps, Oct. 25th, and Mr. John Scianna, Oct. 15.

Plans are being made to redecorate the first floor of the K. of C. Hall. Details will be given at a future meeting of the Home Building Association.

It seems that the "fishing bug" has really taken hold of E. J. Marengo. After an all-day trip in Pearl River last Sunday he became incapacitated that night to the extent that he had to have his right arm wrapped and a heating lamp applied—it appears that he may have caught too many and over exercised his arm. His fishing partners Willard Gavagnie, Lucas Pucheu and Ed Murtagh reported that the water was "just right" and the fish were plentiful.

Carl Heitzmann is confined in the Hancock County Hospital and will be there for several days for a general check.

A very inspiring talk was given by Rt. Rev. Msgr. Martin Maloney at the Founders Day Celebration last Saturday.

register with the secretary afterwards.

Mrs. G. S. Kennedy was appointed temporary treasurer in the absence of Mrs. Dunham and was authorized to pay the state and national dues.

Webb gave the invocation and J. C. Harriel offered the benediction. The next meeting was set for Thursday, Nov. 5, at 7:30 p.m.

Happiness spreads fast by phone

Happiness is made up of a lot of little things — many of which happen by phone: like the joy you share instantly with proud grandparents when baby takes her first faltering steps . . . or the glow you get when a dear friend phones to say: "You're the first to know of our engagement."

When you stop and think of it, isn't "hello" the happiest of words and isn't your telephone, which repeats it so often, the most pleasant necessity in your home?

ed at \$450 to the Basilious auto and at \$250 to the Roseberry car by Joseph A. Pol, investigating patrolman.

Supervisors...

Hubbard commented that the board had obtained the original easements advised by Smith when he appeared before it several years ago.

FARM PRICES HIGHER

As harvest time approached back in 1934, the prices for most farm products had nearly doubled over the previous year. Spot cotton was 13 cents a pound . . . Hogs sold for \$1 a 100 pounds. Compare these figures with today's farm prices. Mississippi has come a long way in 25 years!

The legally-regulated beer industry is an important part of Mississippi's prosperity. Producing over 16,000, the state's nearly 5,000 retailers and 31 wholesalers have an investment of over \$28 million in trucks, buildings, and other equipment.

McGill Defeats Rocks 13-8

Lady Luck continued to shun the Rock-A-Chaws Friday night as they went down to defeat at the hands of powerful McGill, defending city champs of Mobile, under the lights at Stanislaus stadium 13-8.

The Rocks held a healthy 8-0 lead late in the first half and maintained an 8-7 lead until late in the final quarter when a McGill player plunged over from the 2 to wrap up the game. Penalties, fumbles and interceptions cost the Rock-A-Chaws the game, one touchdown being called back because of a penalty.

The Stanislaus team has had rough sailing this year and the worst is yet to come when they meet the Notre Dame Rebels of Biloxi there Friday night. The Rebels romped to a 39-19 victory over Harrison Central Saturday night for their fifth straight win of the season.

The Rock-A-Chaws outplayed McGill from the start, chalking up a 2-0 lead in the first quarter. McGill, deep in its own territory, tried to punt out of danger but the kick was blocked and the ball was recovered by a McGill player in his own end zone.

Big fullback Johnny Kimball, who specializes in long TD runs, took the pigskin on a sizzling double reverse and broke away to gallop 32 yards for the one Rock-A-Chaw touchdown.

Then, the Rocks recovered a McGill fumble on their own 45 and Kimball went for 9 yards as the first quarter ended. On the

first play after the Tigers had kicked off to the Bearcats' 13-yard line, halfback Donnie Cooper took a handoff from his quarterback and zig-zagged the length of the field for the only touchdown of the game. He added the one point insurance on an end run.

The Tigers' big guns opened in the second quarter and some fine passes and running plays by Bill Watts, Lester LaFrance, Pete Peterson, Bobby Van Calsen, Glen Blalze and Paul Henley brought the pigskin to the Bearcats' 2 but the Cats arched their backs and repulsed the Tiger onslaught. Long Beach took over on the 2 and moved the ball out of scoring position.

The Bearcats threatened to score again late in the second quarter when they carried to the Tigers 1. An offside penalty a-

first play of the second quarter Lolacano went for a first down but McGill dug in. Kimball was thrown for a yard loss. Lolacano recovered a fumble but lost 10 on the play. Artigues got off a good punt from his own 36 that was good for 34 yards. McGill tried a running play which was stopped by guard Wayne Cleveland who also broke up a pass on the next play. A quick kick was taken by Artigues who ran it to McGill's 45.

A series of short gains by Kimball and Artigues and a cross buck by Lolacano gave the Rocks a first down on McGill's 35. On the next play McGill got a 15 yard penalty for a personal foul. Kimball went through the middle for 9. Artigues was stopped and Stanislaus penalized for clipping.

Jones Team Primes For Moss Pointers

gained possession.

Both teams took to the air. A Stanislaus pass was intercepted by McGill on the Rocks' 42 and a McGill pass was intercepted by Stanislaus on their own 23 but they lost the ball on a fumble and it was first and 10 for McGill on the Rock's 30 and on the next play they almost went for a TD but were penalized 15 yards for holding. The quarter ended when McGill punted from the Stanislaus 44 but there was a penalty against McGill on the play.

It was McGill's turn to march then and they earned two first downs but a fumble was recovered by Pete Bourgeois and with a personal foul penalty against McGill, the ball rested on McGill's 31. Stanislaus moved to McGill's 8 where the visitors re-

ough and Tumble Game Stars Tigers' Record

Although displaying their brand of football and trying their opponents statistics, the Bay High Tigers are up on the losing end of a tumble game Friday night with Long Beach on the gridiron. The score was 14, their only loss of the season.

Luck struck again Monday afternoon when, during a game, end Larry Breland had a broken collar bone and he was out of action for some time.

The Tiger football machine will be sorely missed. The tough game is expected when the Tigers meet Poplarville, fresh from a 12 victory over Luce.

The game was the first year for the Tigers record now stands at one loss. They have points to their opponents' tally showed they are ahead of Long Beach in first downs 18-8, gain-

ing in the first half to 3 for the Tigers.

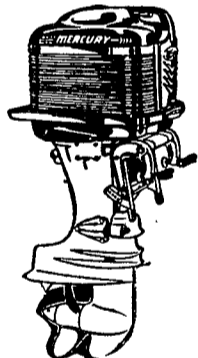

Long Beach is undefeated in Gulf Coast Conference and week's game was homecoming for the Bearcats.

The Tigers' big guns opened in the second quarter and some fine passes and running plays by Bill Watts, Lester LaFrance, Pete Peterson, Bobby Van Calsen, Glen Blalze and Paul Henley brought the pigskin to the Bearcats' 2 but the Cats arched their backs and repulsed the Tiger onslaught. previous meeting were read by secretary-treasurer Earl F. Ramond and adopted with the exception of a resolution to purchase 100 pair of quail and distribute them in certain areas where quail are scarce. Switzer offered to provide traps so the members could gather the quail in thickly populated areas. Leonard Ladner moved that the club not buy the quails which was seconded and carried.

Fifty-seven members attended the meeting and were feted with roast turkey and trimmings. A new, interesting series of color movies was shown which included grouse hunting and salmon fishing. Membership is just short of 200, according to Stieffel, and prospective members are asked to contact either him or secretary Ramond. Plans are under way for a venison and other wild game banquet.
